Safety Instructions

1. There is a high-gain distortion amplifier. It will produce whistling when the gain volume was adjusted too much. Please adjust the placement of the amplifier. Avoid facing the speaker directly with the guitar.

2. When not using this product, please turn off the power switch.

3. This machine has a built-in lithium battery, please do not store the battery without electricity for a long time or it will significantly reduce the life of the battery. When you find this product is low power and shut down, it should be charged in time. If you do not use it for a long time, please store the product fully charged.

4. Built-in 3.7V/2000mAh lithium battery can be rechargeable to use. It will take about 3 hrs to fully charging. It supports 5V/1A charging for maximum.

Detailed Safety Instructions

1. This product has a built-in lithium battery, please do not disassemble it by yourself.

2. Don't use it in the rain, water, or damp areas, don't drop it in water or other liquid substance into this product.

3. Please avoid dropping the machine or bumping it on the surface of hard objects to avoid damage to the machine.

4. Do not collide, throw, or vibrate this product.

5. Please use a clean dry cloth to clean the product. Don't clean with inflammable substances such as benzene, thinner, detergent, and so on.

6. Do not open this equipment or attempt to disassemble its internal parts or make any modifications to it. This product doesn't contain any spare parts for users to do it yourself.

7. When using the headphones, please adjust the volume starting from low to avoid damaging the headphones or hurting your ear.

8. Don't dump this product with household garbage. Proper treatment can reduce pollution and health hazards.
